1. Discussion about the IO1: questionnaires

Powerpoint presentation (attached) from José about questionnaire design.

Calendar:

- **In two weeks**, the questionnaire will be sent to the 22 experts to have a first evaluation.
- **End of February**, the questionnaire will be sent to **the students of UGR**
- Questionnaire will be refined/ Validation
- **In March or April**, questionnaire will be sent **in every faculties**

Kostas: Should we send the questionnaire in English or in national language?

José: Most students understand basic English, it would be better in national language.

Each partner should send to questionnaire to at least 250 students (the goal is to have 250 answers)

The questionnaire for teachers is the same as questionnaire for students, it should be complementary.

Focus group for teachers could be more useful and qualitative data.

About the materials: José received materials from RO, FR. Albina sent him materials from GR. We should have a **dropbox or drive in common** to share these documents.

2. Frist transnational meeting

We were supposed to have our first transnational meeting this month. Due to the situation, we will continue to work online, and maybe meet in France in June or July.

3. Communication

Kostas share the links to the project website, and the project Facebook page. The feedbacks are positive.

<https://taststrategy.eu/>

We should add the link to each University on the website.

We should also prepare in advance what to post on the Facebook page. (<https://www.facebook.com/TASTstrategy-106994388011787>)

The Facebook page can be linked to the “News & Events” section of the website.

4. Management plan and partnership agreement

We should have a management plan, and name members of “management group”. A proposal will be sent by e-mail. José asks if someone from the international office can be named in that group. Albina says it is better if it is someone who takes part to the project. For example, worst case scenario, if a partner does not complete their tasks, the management group is here to find solutions.

Céline says she needs the signed partnership agreements in order to have it signed by the rector of UCO and initiate the first payment. Kostas says he did not receive the last version. Céline will send it back to him right after the meeting.

Next meeting: 2nd March 9:30-11:00
